

Summary of Facts about the Unwanted Shoalhaven Tip

- The DA is for a Non-Putrescible Waste Facility at the quarry on the end of Gumden Lane.
- Initially to receive 50,000 tonnes growing to 100,000 tonnes per annum in 8 years time.
- Material includes residual building waste that cannot be recycled including lead based paint, treated timber, containers previously containing dangerous goods, fibreglass, plastics, building cavity dust, gross pollutants collected from stormwater treatment devices. The classification is - General solid waste (non-putrescible). For a full list see www.environment.nsw.gov.au/waste/envguidlms/index.htm.
- The joint operation of the tip and the quarry will annually generate over 30,000 heavy truck movements entering and leaving the highway at the Island Point Road intersection, travelling along the bypass and in to Gumden lane. That will be one 10 or 20 tonne truck every 4 minutes. There is no safe egress for pedestrians or bike riders along this route.
- The waste will be from Bega in the south, all of the Illawarra, Wingecarribee and possibly Sydney.
- The site has Tomerong creek running through it and this leads directly into St Georges Basin. It is also on the headwaters of Moona Moona creek which feeds into Jervis Bay.
- This is an industrial activity in a rural area that will generate air, water, ground and noise pollution. It will be a threat to health, the environment and ground water resources forever.
- The tip will diminish the quality of life, damage the environment and local roads and will decrease the value of land and property in the area.

Not Happy About the Proposed Tip? Here's what you can do...

- Become a member of ShUT Campaign by completing the membership form below.
- Spread the word to family, friends and neighbours. Email your network.
- Visit www.shutip.com for more information.
- Submissions to council closed on 16 October, 2009. Shoalhaven City Council received 772 objections.
- You can continue to follow the progress of this application by visiting the Shoalhaven City Council's DA Tracking site DA09/2077.
- This application is determined by the Joint Regional Planning Panel (JRPP).
- Detailed information about the functions and operations of the Regional Panels is available on the JRPP website: www.jrpp.nsw.gov.au or Telephone Hotline: 1300 938 344 (landline only).

Application for Membership of

SHOALHAVEN'S UNWANTED TIP (ShUT) Campaign Incorporated

The 100,000 tonne per annum waste facility proposed between Tomerong and Jervis Bay will impact on all of the Shoalhaven. Support ShUT Campaign Inc. Become a member and receive regular updates, notification of meetings and other events. Please go to: www.shutip.com for more information.

I _____, of _____
(full name of applicant) (address)

Phone: _____ Email: _____

hereby apply to become a member of the abovenamed incorporated association. In the event of my admission as a member, I agree to be bound by the rules of the association for the time being in force.

(Signature)

(Date)

I include a membership fee of \$5. Donation: \$ _____ Total: \$ _____

Please make cheques payable to *ShUT Campaign Inc.* and address to: The Treasurer, ShUT Campaign PO Box 2205, Tomerong NSW 2540. You can also pay by direct debit (EFT) BSB 062 585 - A/c No. 1064 8649. If paying electronically, membership details should be emailed to contact@shutip.com.
